MOTOR YACHT

AURELIA

AURELIA is a highly distinctive motor yacht delivered by **Heesen Yachts** in 2011 and extensively refitted on multiple occasions. Widely regarded as one of the most recognizable yachts in her class, she stands out through an unmistakable automotive-inspired identity. Her striking exterior pays tribute to motorsport heritage, featuring the number 10 emblem referencing the tenth hull in the **Heesen 3700** series, while the hull livery draws direct inspiration from the iconic Gulf Oil Racing colours.

Interiors by Bannenberg & Rowell combine refined craftsmanship with subtle automotive influences, creating a contemporary environment that balances character with comfort.

The master suite is positioned forward on the main deck, while three guest double cabins are located on the lower deck. All staterooms are equipped with televisions and en-suite bathrooms. The main saloon offers generous lounge space, while exterior areas include a partially sheltered aft cockpit, a large flybridge with bar facilities, and additional seating and relaxation areas forward. The yacht's garage transforms into a beach club, extending the connection to the water.

Powered by twin MTU 16V 4000 M90 diesel engines, **AURELIA** reaches a top speed of approximately 30 knots and offers a cruising range of around 1,900 nautical miles at 12 knots. Seakeeper gyro stabilizers, replaced in 2021 and 2023, enhance onboard comfort both underway and at anchor.

Particular attention has also been given to reducing onboard noise and vibration through features such as double glazing, acoustic insulation tiles, and additional soundproofing layers throughout the yacht.

AURELIA is equipped with an extensive range of water toys, including a tender, jet skis, two Seabobs, water skis, wakeboards, and additional equipment for active use on the water.

Fast, visually striking, and engineered with ...
