MOTOR YACHT

MORNING STAR

Launched in 2018 by **Sanlorenzo**, the 36.5-meter motor yacht **MORNING STAR** blends the contemporary design of Francesco Paszkowski with expansive, light-filled interiors. Enlarged salons and cabins, floor-to-ceiling windows, and fold-out terraces create an airy atmosphere and a seamless connection with the sea.

MORNING STAR accommodates up to 10 guests in five elegant cabins: a full-beam master suite on the main deck, two VIP cabins, and two versatile convertible cabins on the lower deck, all with ensuite bathrooms. A professional crew of seven ensures the highest standards of comfort and privacy.

The sundeck is a highlight, featuring a glass-walled Jacuzzi, bar, and alfresco dining area. Additional lounge spaces are found on the foredeck and at the swim platform, complete with an inflatable pontoon for easy access to the sea.

MORNING STAR offers a wide selection of water sports equipment, including Seabobs, water skis, paddleboards, towable inflatables, and snorkeling gear, making her an excellent choice for active charter guests.

DESTINATIONS

TURKEY

A typical day on a private yacht in Turkey is as much about water activities as it is about endless coastal walks. Look around and you'll find extraordinary stone slabs of cliffs on steep, winding shores, sleepy hilltop villages and ancient ruins - relics of mighty empires - living out their days in the dense coastal vegetation. Boat transitions between islands can be short, giving you the opportunity to enjoy peaceful morning wakes and lazy strolls around the islands and small villages. And if the hiking proves to be too much, you can re-board and relax in the shade on the deck of your yacht. Turkey is a country with a rather hot climate, during the summer season, from June to August, temperatures can rise above 40°C, however, May, September and October are the most pleasant months for chartering in this region, the temperature drops to around 20-25°C and you can comfortably enjoy your trip.
