ALPHA WAVES

ALPHA WAVES is a 40.5-metre **Benetti** delivered in 2023, designed by **RWD** in collaboration with **Bonetti/Kozerski Architecture**. The yacht combines contemporary styling with a three-deck layout and a high level of guest comfort, appealing to those who value thoughtful spatial design and a strong connection to the sea. Accommodation is arranged for 10 guests in five cabins. The main-deck master suite includes its own private outdoor terrace, while the lower deck features two VIP cabins and two guest cabins, each designed with a refined, modern aesthetic. One of the yacht's defining spaces is the beach club, complete with fold-down terraces and a heated pool, creating a private waterside lounge. A comprehensive selection of water toys supports an active charter experience: a 40 ft Invincible tender fully equipped for diving (gear for seven guests plus instructor), jet skis, Seabob, e-foil, towables, kayaks and inflatable platforms, including a jellyfish-safe sea pool.

The dedicated wellness area features a Peloton bike, treadmill, free weights, yoga gear and a media setup for guided sessions. An elevator connects the principal decks, ensuring effortless access to all interior and exterior spaces.

ALPHA WAVES offers a sophisticated, contemporary charter experience with generous amenities, strong performance and a layout crafted for seamless indoor-outdoor living.

DESTINATIONS

BAHAMAS

The Bahamas consists of 700 islands and coral bays in a stunning archipelago that stands out for its breathtaking reefs. The port of Nassau is known as a place that has attracted pirates for centuries. Today, it is a popular place to start or end a charter vacation. The Exumas and Abaco are prime areas for cruising. Some people prefer to charter in Elutra, but this can be tricky as not many yachts are based there. The best option is to fly into Nassau, which has a major international airport with direct flights from various regions including Europe, the mainland US and Canada.

Bahamas are called paradise islands not only due to the azure water and snow-white sand, but also due to the fact that you can go here on vacation even all year round. The strip of annual Caribbean hurricanes pass through the archipelago infrequently. High season is considered the most comfortable time to stay in the Bahamas. It lasts from November to May.

Accordingly, the low season ...
