## MYTHOS G

MYTHOS G is a 26-metre **Posillipo** motor yacht, consistently maintained to a high technical standard. In 2025, both main generators were replaced, further enhancing onboard reliability and operational efficiency. Her planing hull and twin MTU engines rated at 1,830 hp each deliver a comfortable cruising speed of 23 knots and a top speed of up to 29 knots, making her well suited for fast island-hopping and efficient coastal cruising.

She accommodates up to 10 guests in four cabins, including a full-beam Master suite, a VIP cabin, and two guest cabins with Pullman berths, offering flexible sleeping arrangements for families or mixed groups. All cabins feature en-suite bathrooms and have been refreshed as part of the recent refit.

The main salon, filled with natural light through panoramic windows, combines a lounge and dining area in a single, open space. Outside, the yacht offers several inviting deck areas, with sun pads on the foredeck, an alfresco dining area in the cockpit, and a flybridge with 360-degree views, a dining table, sun loungers, and a grill for relaxed open-air entertaining.

For water sports and fun on the water, MYTHOS G comes fully equipped with a 4.3-metre Zar tender, a Sea-Doo, two Seabob F5 units, SUP boards, inflatable toys, and snorkelling and fishing gear.

# DESTINATIONS

## GREECE

Greece, a land of fabulous beauty, remains one of the world's most popular travel destinations and has almost 15,000 kilometers of coastline and over 2,000 islands, of which only 170 are inhabited.

There is no better way to explore the beauty of the Greek islands and the coastline of mainland Greece than on a private yacht. By chartering a yacht, you can see unique landscapes and experience the culture of several islands in a short period of time. Some of the islands have airports, making it possible to get to the yacht fairly quickly. The islands are close to each other, and the term "island-hopping" is used here for a reason. You can easily visit a dozen islands during a short cruise, explore isolated beaches with their unique local culture and taste the freshest national food.

Greece has over 250 days of sunshine a year and a typical Mediterranean climate with hot, dry summers. The peak cruising season is the summer from June to August, however, May, Sep...
