# KENSHO

**KENSHO** is a 75-meter superyacht designed to seamlessly combine comfort with innovative design. The yacht accommodates up to 12 guests in eight cabins, each offering individually customizable living spaces. The interior impresses with wide hallways, high ceilings (up to 2.7 meters), and bright decor that blends warm wooden elements with Asian-inspired style, creating a cozy and inviting atmosphere.

The main salon on the upper deck features floor-to-ceiling windows and is divided into a aft lounge area and a forward panoramic observation deck. The dining area is equipped with two six-seat tables, surrounded by rare artifacts. On the sun deck, there is a jacuzzi and an enclosed lounge area, which can be used as a cinema. The main deck hosts a pool, located next to the swim platform, providing easy access to the water.

The master suite on the main deck includes a private lounge area, walk-in closet, office, and a bathroom with a freestanding tub. The yacht is also equipped with a gym and is certified as a water sports center under RYA standards, offering jet skis, e-foil boards, electric bikes, paddleboards, and other active leisure activities for guests.

Powered by three 1,900-horsepower Caterpillar engines, **KENSHO** reaches a cruising speed of 11.2 knots and a top speed of 15.8 knots, with a range suitable for transoceanic crossings.

## GREECE

Greece, a land of fabulous beauty, remains one of the world's most popular travel destinations and has almost 15,000 kilometers of coastline and over 2,000 islands, of which only 170 are inhabited.

There is no better way to explore the beauty of the Greek islands and the coastline of mainland Greece than on a private yacht. By chartering a yacht, you can see unique landscapes and experience the culture of several islands in a short period of time. Some of the islands have airports, making it possible to get to the yacht fairly quickly. The islands are close to each other, and the term "island-hopping" is used here for a reason. You can easily visit a dozen islands during a short cruise, explore isolated beaches with their unique local culture and taste the freshest national food.

Greece has over 250 days of sunshine a year and a typical Mediterranean climate with hot, dry summers. The peak cruising season is the summer from June to August, however, May, Sep...
