## MCY 86

The motor yacht **MCY 86**, built by **Monte Carlo Yachts** in 2015 and refitted in 2026, is a 26.2-meter vessel distinguished by her well-planned architecture and generous interior volume. With a beam of 6.43 meters, a draft of 1.9 meters, and a gross tonnage of approximately 130 GT, she offers spacious living areas for her class. Based in Turkey, **MCY 86** is ideally suited for charter itineraries along the Aegean and Mediterranean coasts, providing access to secluded bays, coves, and islands thanks to her moderate draft.

The layout accommodates up to eight guests across four en-suite cabins on the lower deck. The full-beam master suite is centrally positioned and features a lounge area and walk-in wardrobe. The main deck follows an open-plan concept, combining the saloon and lounge into a seamless living space.

Outdoor areas are designed for relaxation and entertaining. The aft deck features a shaded cockpit for alfresco dining, while the foredeck offers an additional lounge area. The flybridge serves as the primary leisure space, complete with a jacuzzi, bar, built-in seating, and partial shading for all-day comfort. A hydraulic swim platform ensures easy access to the water.

The yacht is equipped with tropical-grade air conditioning and zero-speed stabilizers, ensuring comfort both underway and at anchor. For active guests, a wide selection of water toys is available, including a jet ski, e-foil, seabob, water skis, and a waverunner.

**MCY 86** offers a comfortable cruising speed and is идеально suited for relaxed coastal cruising, combining stability, space, and practicality.

# DESTINATIONS

## TURKEY

A typical day on a private yacht in Turkey is as much about water activities as it is about endless coastal walks. Look around and you'll find extraordinary stone slabs of cliffs on steep, winding shores, sleepy hilltop villages and ancient ruins - relics of mighty empires - living out their days in the dense coastal vegetation. Boat transitions between islands can be short, giving you the opportunity to enjoy peaceful morning wakes and lazy strolls around the islands and small villages. And if the hiking proves to be too much, you can re-board and relax in the shade on the deck of your yacht. Turkey is a country with a rather hot climate, during the summer season, from June to August, temperatures can rise above 40°C, however, May, September and October are the most pleasant months for chartering in this region, the temperature drops to around 20-25°C and you can comfortably enjoy your trip.
