## DOMINO 86

The **Riva 86 Domino**, built by **Riva** in 2014, is a sleek 26.4-meter sports yacht that combines signature Italian design with impressive performance. Powered by a high-performance propulsion system, she reaches a top speed of up to 38 knots, while maintaining a comfortable cruising speed of around 30 knots - an ideal balance for fast passages and luxury day cruising. The layout accommodates up to eight guests across four cabins: a master suite, a VIP cabin, and two twin guest cabins. Each cabin features its own en-suite bathroom, ensuring a high level of privacy and comfort on board. A professional crew of three - including a captain, chef/steward, and deckhand - provides attentive service and ensures a seamless experience at sea. The interiors reflect the finest traditions of Italian design, with premium materials, refined finishes, and carefully considered ergonomics creating an atmosphere of elegance and comfort. Large windows maximize natural light and offer panoramic views, while maintaining a smooth flow between interior and exterior spaces. Outdoor areas are designed for relaxation and entertaining, featuring comfortable sunbathing zones and inviting spaces for socializing alfresco. The yacht is also equipped with a selection of water toys, including a tender, seabob, paddleboard, snorkeling gear, and inflatables, enhancing the overall onboard experience.

# DESTINATIONS

## TURKEY

A typical day on a private yacht in Turkey is as much about water activities as it is about endless coastal walks. Look around and you'll find extraordinary stone slabs of cliffs on steep, winding shores, sleepy hilltop villages and ancient ruins - relics of mighty empires - living out their days in the dense coastal vegetation. Boat transitions between islands can be short, giving you the opportunity to enjoy peaceful morning wakes and lazy strolls around the islands and small villages. And if the hiking proves to be too much, you can re-board and relax in the shade on the deck of your yacht. Turkey is a country with a rather hot climate, during the summer season, from June to August, temperatures can rise above 40°C, however, May, September and October are the most pleasant months for chartering in this region, the temperature drops to around 20-25°C and you can comfortably enjoy your trip.
