CATAMARAN

ZENIT

ZENIT is a modern 23.8-metre motor catamaran delivered in 2024, purpose-built for charter operations with a strong emphasis on space, stability, and functionality. Her naval architecture was developed by CNB (Construction Navale Bordeaux) in collaboration with VPLP Design, resulting in a well-balanced combination of advanced engineering and contemporary design. Constructed in GRP, **ZENIT** features an impressive 11-metre beam and a shallow draft of just 1.27 metres, offering exceptional usable space and outstanding stability at anchor and underway.

Accommodation is provided for up to 8 guests across four staterooms. The master suite offers direct water access and a private balcony, creating a secluded and highly desirable retreat. Three additional guest cabins complete the layout, two of which feature flexible configurations. All cabins are en-suite.

The main interior space is centered around a panoramic saloon, seamlessly integrated with the dining area and offering direct access to the aft deck. The aft cockpit serves as the primary al fresco dining area, while the foredeck is fitted with sun loungers. The flybridge, with its panoramic views, features a lounge area, sunbathing space, and an additional dining area - ideal for both relaxation and socializing.

ZENIT is equipped with a Highfield Classic 460 tender (60 hp), along with a wide selection of water toys including a Seabob, SUP boards, water skis, towable inflatables, snorkeling gear, and Red Shark electric water bikes. Additional onboard equipment includes a drone and beach accessories, enhancing the overall charter experience.

DESTINATIONS

CROATIA

Embark on a journey of unparalleled beauty in Croatia! Picture yourself sailing along the stunning Adriatic coastline, exploring hidden gems like Diocletian's Palace in Split. With crystal-clear waters, charming villages, and a rich history, Croatia is a dream destination for yacht charters. Indulge in the Mediterranean sun and create unforgettable memories on the open seas. Your Croatian yacht charter adventure awaits!

While Croatia enjoys a Mediterranean climate, the warmest period is during the European summer (July-August). However, booking a yacht charter in Croatia during the shoulder seasons (May-June or September-October) still provides warm weather for swimming in the Adriatic's crystal-clear waters, minus the peak tourist crowds.

DESTINATIONS

GREECE

Greece, a land of fabulous beauty, remains one of the world's most popular travel destinations and has almost 15,000 kilometers of coastline and over 2,000 islands, of which only 170 are inhabited.

There is no better way to explore the beauty of the Greek islands and the coastline of mainland Greece than on a private yacht. By chartering a yacht, you can see unique landscapes and experience the culture of several islands in a short period of time. Some of the islands have airports, making it possible to get to the yacht fairly quickly. The islands are close to each other, and the term "island-hopping" is used here for a reason. You can easily visit a dozen islands during a short cruise, explore isolated beaches with their unique local culture and taste the freshest national food.

Greece has over 250 days of sunshine a year and a typical Mediterranean climate with hot, dry summers. The peak cruising season is the summer from June to August, however, May, Sep...

DESTINATIONS

TURKEY

A typical day on a private yacht in Turkey is as much about water activities as it is about endless coastal walks. Look around and you'll find extraordinary stone slabs of cliffs on steep, winding shores, sleepy hilltop villages and ancient ruins - relics of mighty empires - living out their days in the dense coastal vegetation. Boat transitions between islands can be short, giving you the opportunity to enjoy peaceful morning wakes and lazy strolls around the islands and small villages. And if the hiking proves to be too much, you can re-board and relax in the shade on the deck of your yacht. Turkey is a country with a rather hot climate, during the summer season, from June to August, temperatures can rise above 40°C, however, May, September and October are the most pleasant months for chartering in this region, the temperature drops to around 20-25°C and you can comfortably enjoy your trip.
