MOTOR YACHT

SYLIA

SYLIA is a **Riva 90 Argo** motor yacht delivered in 2019 by **Riva Yachts**. She combines the shipyard's signature styling with a practical layout and strong performance, making her well suited for charter cruising.

Accommodation is arranged for up to 8 guests across four staterooms. The full-beam master suite is located on the main deck, while the lower deck features three guest cabins, one of which offers a flexible twin/double configuration. All staterooms are en-suite. Separate crew quarters for five ensure a high level of onboard service.

The main deck is designed with an open-plan concept, where the panoramic saloon flows seamlessly into the dining area and provides direct access to the aft cockpit, creating a bright and cohesive living space with excellent natural light. Exterior areas include an aft dining space, a foredeck lounge, and a spacious flybridge equipped with a bar, dining table, and sunbathing areas - offering multiple options for relaxation and entertaining.

Powered to deliver a cruising speed of approximately 20 knots and a top speed of up to 29 knots, **SYLIA** offers a range of around 300 nautical miles. Stabilizers are fitted to enhance onboard comfort both underway and at anchor.

Combining iconic **Riva** design, a well-balanced layout, and solid performance, **SYLIA** represents a highly attractive option for charter cruising in Greece.

DESTINATIONS

GREECE

Greece, a land of fabulous beauty, remains one of the world's most popular travel destinations and has almost 15,000 kilometers of coastline and over 2,000 islands, of which only 170 are inhabited.

There is no better way to explore the beauty of the Greek islands and the coastline of mainland Greece than on a private yacht. By chartering a yacht, you can see unique landscapes and experience the culture of several islands in a short period of time. Some of the islands have airports, making it possible to get to the yacht fairly quickly. The islands are close to each other, and the term "island-hopping" is used here for a reason. You can easily visit a dozen islands during a short cruise, explore isolated beaches with their unique local culture and taste the freshest national food.

Greece has over 250 days of sunshine a year and a typical Mediterranean climate with hot, dry summers. The peak cruising season is the summer from June to August, however, May, Sep...
