MYKO

MYKO is a **Sanlorenzo 500EXP** expedition motor yacht delivered in 2021 by **Sanlorenzo Yachts**. As part of the shipyard's explorer range, she is purpose-built for long-range autonomous cruising while maintaining a high level of onboard comfort. Constructed with a steel hull and an aluminum superstructure, **MYKO** offers durability and reliability across a wide range of cruising environments. Her naval architecture, exterior, and interior design were developed by Zuccon International Project, resulting in a cohesive integration of design and engineering. With a range of approximately 4,000 nautical miles and fuel capacity of around 60,000 litres, **MYKO** is ideally suited for extended voyages with minimal reliance on port calls.

Accommodation is provided for up to 10 guests across five staterooms. The full-beam master suite is located on the main deck, complemented by two VIP cabins and two guest cabins with flexible configurations. All staterooms are en-suite. Crew quarters for up to nine are arranged separately to ensure efficient operations and a high standard of service.

Interiors are designed with the explorer lifestyle in mind, featuring practical layouts, efficient circulation, and comfortable living areas suited to extended time on board. The main saloon and dining area are optimized for everyday use during long passages.

Expansive exterior decks offer versatile functionality, combining relaxation areas with ample space for tenders, equipment, and water toys.

Versatile and capable, **MYKO** represents a well-balanced explorer platform suitable for both Mediterranean cruising and more remote destinations, combining long-range capability, robust construction, and thoughtfully designed living spaces for extended journeys.
