## ORIY

**ORIY** is a 50-metre custom-built motor yacht constructed in Croatia, designed with a strong emphasis on generous interior volume and functional living spaces. Conceived for extended stays on board, she combines well-considered spatial architecture with modern engineering solutions.

Accommodation is arranged for up to 12 guests across six staterooms. The full-beam master suite on the main deck spans approximately 46 sqm and features a sleeping area, walk-in wardrobe, workspace, and a private balcony. A spacious VIP suite on the lower deck (approx. 40 sqm) includes a lounge area, making it ideal for family use. Two cabins offer flexible configurations, while the remaining two are fitted with double beds.

The main deck is designed with an open-plan layout, where the saloon and dining area form a unified space with panoramic glazing, ensuring abundant natural light and uninterrupted sea views. Guest and crew circulation are carefully separated, allowing for discreet and efficient service.

The aft section is configured as a beach club with direct water access and an integrated swimming pool measuring approximately 4.2 × 2.2 metres. The upper deck features an al fresco dining area, lounge, and bar, while the foredeck provides additional relaxation spaces. The sundeck includes a Jacuzzi, sunbathing areas, and a retractable screen for open-air cinema experiences.

A dedicated wellness area enhances the onboard lifestyle, offering a gym, Pilates space, sauna, and massage facilities. For active leisure, **ORIY** is equipped with an extensive selection of water toys, including two Brig tenders (8m and 5m), jet skis, Seabobs, an e-foil, SUP boards, kayaks, water skis, inflatable toys, a water slide, and snorkeling equipment.

Spacious, versatile, and well-equipped, **ORIY** represents a highly capable charter platform, combining expansive living areas, advanced leisure infrastructure, and e...

## GREECE

Greece, a land of fabulous beauty, remains one of the world's most popular travel destinations and has almost 15,000 kilometers of coastline and over 2,000 islands, of which only 170 are inhabited.

There is no better way to explore the beauty of the Greek islands and the coastline of mainland Greece than on a private yacht. By chartering a yacht, you can see unique landscapes and experience the culture of several islands in a short period of time. Some of the islands have airports, making it possible to get to the yacht fairly quickly. The islands are close to each other, and the term "island-hopping" is used here for a reason. You can easily visit a dozen islands during a short cruise, explore isolated beaches with their unique local culture and taste the freshest national food.

Greece has over 250 days of sunshine a year and a typical Mediterranean climate with hot, dry summers. The peak cruising season is the summer from June to August, however, May, Sep...

## TURKEY

A typical day on a private yacht in Turkey is as much about water activities as it is about endless coastal walks. Look around and you'll find extraordinary stone slabs of cliffs on steep, winding shores, sleepy hilltop villages and ancient ruins - relics of mighty empires - living out their days in the dense coastal vegetation. Boat transitions between islands can be short, giving you the opportunity to enjoy peaceful morning wakes and lazy strolls around the islands and small villages. And if the hiking proves to be too much, you can re-board and relax in the shade on the deck of your yacht. Turkey is a country with a rather hot climate, during the summer season, from June to August, temperatures can rise above 40°C, however, May, September and October are the most pleasant months for chartering in this region, the temperature drops to around 20-25°C and you can comfortably enjoy your trip.
