MOTOR YACHT

ALADDIN SANE

ALADDIN SANE is a motor yacht delivered in 2024 by **Azimut Yachts**. She stands out in her segment with accommodation for up to 10 guests across five staterooms - an uncommon and highly desirable layout.

The full-beam master suite is located on the main deck, while the lower deck features two VIP cabins, a convertible twin/double cabin, and an additional twin cabin with a Pullman berth. All staterooms are en-suite. Separate crew quarters for four ensure efficient service while maintaining guest privacy.

Interior spaces are fully air-conditioned, providing a stable and comfortable onboard environment. The design follows a contemporary, functional approach, with a clear separation between guest and crew areas, making her well suited for extended stays on board.

Outdoor areas are arranged for practical day-to-day use. The flybridge serves as a central social hub, featuring a Jacuzzi, sunbathing areas, and lounge spaces for open-air relaxation.

Stabilizers are fitted to enhance comfort, while the propulsion system delivers a cruising speed of approximately 22 knots and a top speed of up to 29 knots, with fuel consumption of around 490 l/h at cruising speed.

For water-based activities, **ALADDIN SANE** offers a selection of equipment including two Seabob F5 units, water skis (adult and children), a wakeboard, towable inflatables, a two-person kayak, a SUP board, and snorkeling gear.

Versatile and well-equipped, **ALADDIN SANE** represents a strong charter platform, combining a rare five-cabin layout, modern technical features, and a comprehensive selection of leisure equipment for an enjoyable and varied experience on the water.

DESTINATIONS

GREECE

Greece, a land of fabulous beauty, remains one of the world's most popular travel destinations and has almost 15,000 kilometers of coastline and over 2,000 islands, of which only 170 are inhabited.

There is no better way to explore the beauty of the Greek islands and the coastline of mainland Greece than on a private yacht. By chartering a yacht, you can see unique landscapes and experience the culture of several islands in a short period of time. Some of the islands have airports, making it possible to get to the yacht fairly quickly. The islands are close to each other, and the term "island-hopping" is used here for a reason. You can easily visit a dozen islands during a short cruise, explore isolated beaches with their unique local culture and taste the freshest national food.

Greece has over 250 days of sunshine a year and a typical Mediterranean climate with hot, dry summers. The peak cruising season is the summer from June to August, however, May, Sep...
