## NIGHT FURY II

**NIGHT FURY II** is a 43-metre superyacht delivered in 2023 by **Columbus Yachts**. Built as a modern displacement yacht, she combines Italian craftsmanship, thoughtful architecture, and a high level of comfort tailored for charter use.

Accommodation is arranged for up to 10 guests across five staterooms, with capacity for up to 12 guests during day cruising. The layout includes a king-size master suite, two queen-size VIP cabins, and two twin cabins. The master suite is conceived as a private retreat, featuring 180-degree panoramic glazing and direct access to a secluded aft terrace. A crew of nine supports a high standard of service, privacy, and smooth operation across all onboard areas.

One of the yacht's defining features is her aft beach club, complete with a pool, C-shaped lounge area, and fold-down side terraces at water level. This space functions as a true waterfront lounge, ideal for swimming, relaxing, socializing, and extended time at anchor. A second pool is positioned forward and surrounded by sun loungers, creating a more private relaxation area separate from the main aft spaces. The combination of two dedicated water-focused zones significantly strengthens the yacht's outdoor lifestyle profile and makes her especially appealing for Mediterranean charter.

For active use on the water, **NIGHT FURY II** carries an extensive selection of toys and tenders. Her equipment includes a Williams jet tender with 110 hp, a SACS Strider 13 chase boat with 1,200 hp, two jet skis, three NEMOS underwater scooters, two SUP boards, towable inflatables, snorkeling and diving equipment, as well as three Nomads. The presence of a powerful chase boat greatly expands the charter experience, enabling fast transfers, independent coastal exploration, and a broader range of water activities away from the main yacht.

Modern, spacious, and highly oriented toward outdoor living, **NIGHT FURY II** offers...

# DESTINATIONS

## CROATIA

Embark on a journey of unparalleled beauty in Croatia! Picture yourself sailing along the stunning Adriatic coastline, exploring hidden gems like Diocletian's Palace in Split. With crystal-clear waters, charming villages, and a rich history, Croatia is a dream destination for yacht charters. Indulge in the Mediterranean sun and create unforgettable memories on the open seas. Your Croatian yacht charter adventure awaits!

While Croatia enjoys a Mediterranean climate, the warmest period is during the European summer (July-August). However, booking a yacht charter in Croatia during the shoulder seasons (May-June or September-October) still provides warm weather for swimming in the Adriatic's crystal-clear waters, minus the peak tourist crowds.

# DESTINATIONS

## GREECE

Greece, a land of fabulous beauty, remains one of the world's most popular travel destinations and has almost 15,000 kilometers of coastline and over 2,000 islands, of which only 170 are inhabited.

There is no better way to explore the beauty of the Greek islands and the coastline of mainland Greece than on a private yacht. By chartering a yacht, you can see unique landscapes and experience the culture of several islands in a short period of time. Some of the islands have airports, making it possible to get to the yacht fairly quickly. The islands are close to each other, and the term "island-hopping" is used here for a reason. You can easily visit a dozen islands during a short cruise, explore isolated beaches with their unique local culture and taste the freshest national food.

Greece has over 250 days of sunshine a year and a typical Mediterranean climate with hot, dry summers. The peak cruising season is the summer from June to August, however, May, Sep...

# DESTINATIONS

## TURKEY

A typical day on a private yacht in Turkey is as much about water activities as it is about endless coastal walks. Look around and you'll find extraordinary stone slabs of cliffs on steep, winding shores, sleepy hilltop villages and ancient ruins - relics of mighty empires - living out their days in the dense coastal vegetation. Boat transitions between islands can be short, giving you the opportunity to enjoy peaceful morning wakes and lazy strolls around the islands and small villages. And if the hiking proves to be too much, you can re-board and relax in the shade on the deck of your yacht. Turkey is a country with a rather hot climate, during the summer season, from June to August, temperatures can rise above 40°C, however, May, September and October are the most pleasant months for chartering in this region, the temperature drops to around 20-25°C and you can comfortably enjoy your trip.
