ALVA

ALVA is a 60-metre superyacht delivered in 2026 by **Amels**, conceived as a modern charter platform focused on extended onboard comfort, flexible use, and an active lifestyle at sea.

Her exterior design by Espen Øino is defined by clean, confident lines and distinctive trapezoidal windows, giving **ALVA** a recognizable contemporary profile. Accommodation is arranged across six staterooms. The full-beam owner's suite is located on the main deck and includes a private fold-out balcony, walk-in wardrobe, and his-and-hers bathrooms. Five additional guest cabins provide flexible accommodation for family groups and charter guests.

Exterior decks play a central role in **ALVA's** onboard concept. The spacious sundeck combines a gym area, large Jacuzzi, bar, and multiple lounge spaces, allowing it to function equally well for fitness, daytime relaxation, entertaining, and evening gatherings. The bridge deck is arranged for al fresco dining, while one of the yacht's key lifestyle areas is the multifunctional beach club. Designed as a wellness and waterside relaxation space, it includes a sauna, dedicated bathroom, and direct access both from the swim platform and from the guest areas.

ALVA carries two tenders: an 8.6-metre Pascoe International Beachlander for up to 12 guests and a 6.2-metre Yachtwerft Meyer tender for up to 6 guests. Her water toy inventory includes two Sea-Doo GTX 230 Waverunners, four Seabob F9s, a Fliteboard, Flitescooter, inflatable kayaks, SUP boards, wakeboard, water skis, towable inflatables, and a large inflatable sea platform with a netted pool. This extensive setup makes her particularly appealing for guests who want to spend significant time by the water, alternating between relaxed swimming, wellness, and active watersports.

A further advantage is **ALVA's** complete beach setup, including tents, sun loungers, BBQ equipment, and a pizza oven....

DESTINATIONS

CROATIA

Embark on a journey of unparalleled beauty in Croatia! Picture yourself sailing along the stunning Adriatic coastline, exploring hidden gems like Diocletian's Palace in Split. With crystal-clear waters, charming villages, and a rich history, Croatia is a dream destination for yacht charters. Indulge in the Mediterranean sun and create unforgettable memories on the open seas. Your Croatian yacht charter adventure awaits!

While Croatia enjoys a Mediterranean climate, the warmest period is during the European summer (July-August). However, booking a yacht charter in Croatia during the shoulder seasons (May-June or September-October) still provides warm weather for swimming in the Adriatic's crystal-clear waters, minus the peak tourist crowds.

DESTINATIONS

GREECE

Greece, a land of fabulous beauty, remains one of the world's most popular travel destinations and has almost 15,000 kilometers of coastline and over 2,000 islands, of which only 170 are inhabited.

There is no better way to explore the beauty of the Greek islands and the coastline of mainland Greece than on a private yacht. By chartering a yacht, you can see unique landscapes and experience the culture of several islands in a short period of time. Some of the islands have airports, making it possible to get to the yacht fairly quickly. The islands are close to each other, and the term "island-hopping" is used here for a reason. You can easily visit a dozen islands during a short cruise, explore isolated beaches with their unique local culture and taste the freshest national food.

Greece has over 250 days of sunshine a year and a typical Mediterranean climate with hot, dry summers. The peak cruising season is the summer from June to August, however, May, Sep...

DESTINATIONS

MONTENEGRO

Montenegro is the perfect charter destination, where centuries-old architecture blends perfectly with modern hotels, bars and restaurants. From sailing Montenegro's azure waters on a charter yacht to exploring forested mountains, rocky cliffs and small villages nestled on sheer cliffs, this tiny Balkan country is a paradise for discerning travelers.

You can cruise the stunning rocky shores of the Bay of Kotor, known as the southernmost fjord, where emerald cliffs rise above crystal clear blue waters, or the Lustica Peninsula. A cultural attraction since the 17th century is the Ostrog Monastery, located in Montenegro's vertical cliffs, where the remains of St. Basil of Ostrog are kept.

The best time to visit Montenegro is between May and October. At this time you will enjoy pleasant sunny weather, and the sea temperature of 25°C will allow you to relax in the azure waters of the Adriatic Sea.
