MOTOR YACHT

GECO BY G. ARMANI

GECO BY G. ARMANI is a 72-metre megayacht under construction by **Admiral Yachts** and positioned as a new charter-oriented 2026 project with interiors by **Armani/Casa**. Combining a displacement steel hull, aluminium superstructure, ice-class capability, and a range of up to 6,000 nautical miles, she is conceived as a platform for extended cruising with a strong emphasis on privacy, autonomy, and quiet luxury.

The yacht's concept is shaped by the aesthetic language of Giorgio Armani: restrained lines, soft neutral tones, noble materials, and carefully balanced proportions. The Armani/Casa interiors create an atmosphere of understated luxury - elegant, calm, and free from excessive ornamentation. Rather than presenting status through visual excess, the spaces are designed as a considered environment for long stays on board, where silence, privacy, material quality, and visual coherence take priority.

Accommodation is arranged for up to 12 guests across seven staterooms. The central feature is the owner's suite, spanning approximately 140 square metres and including a king-size bed, floor-to-ceiling panoramic glazing, a private saloon of around 80 square metres, and direct access to an open deck with a six-metre pool. The owner's bathroom is conceived as a spa-style retreat, finished in marble and equipped with a soaking tub and rain shower.

The foredeck offers a secluded lounge area with sun loungers and open sea views. Aft, the main deck is centered around the pool and surrounding relaxation areas, creating a fluid transition between interior spaces and open-air living. The sundeck functions as the yacht's primary social hub, with a Jacuzzi, bar, BBQ, dining areas, and evening lounge spaces under the open sky. This deck arrangement allows guests to move between more intimate and more open lifestyle settings while preserving a strong sense of space and privacy.

A crew of up ...

DESTINATIONS

CROATIA

Embark on a journey of unparalleled beauty in Croatia! Picture yourself sailing along the stunning Adriatic coastline, exploring hidden gems like Diocletian's Palace in Split. With crystal-clear waters, charming villages, and a rich history, Croatia is a dream destination for yacht charters. Indulge in the Mediterranean sun and create unforgettable memories on the open seas. Your Croatian yacht charter adventure awaits!

While Croatia enjoys a Mediterranean climate, the warmest period is during the European summer (July-August). However, booking a yacht charter in Croatia during the shoulder seasons (May-June or September-October) still provides warm weather for swimming in the Adriatic's crystal-clear waters, minus the peak tourist crowds.

DESTINATIONS

GREECE

Greece, a land of fabulous beauty, remains one of the world's most popular travel destinations and has almost 15,000 kilometers of coastline and over 2,000 islands, of which only 170 are inhabited.

There is no better way to explore the beauty of the Greek islands and the coastline of mainland Greece than on a private yacht. By chartering a yacht, you can see unique landscapes and experience the culture of several islands in a short period of time. Some of the islands have airports, making it possible to get to the yacht fairly quickly. The islands are close to each other, and the term "island-hopping" is used here for a reason. You can easily visit a dozen islands during a short cruise, explore isolated beaches with their unique local culture and taste the freshest national food.

Greece has over 250 days of sunshine a year and a typical Mediterranean climate with hot, dry summers. The peak cruising season is the summer from June to August, however, May, Sep...
