# LEMON TREE

**LEMON TREE** is a 62-metre **Sanlorenzo 62Steel** superyacht combining contemporary Italian design, expansive outdoor living areas, and a highly developed wellness-oriented layout. Built with a steel hull and aluminium superstructure, she remains one of the standout models produced by **Sanlorenzo Yachts** in the 60+ metre segment.

The yacht's defining feature is her private owner's deck, which includes the master suite, a private swimming pool, lounge areas, and direct access to the exterior deck. Panoramic glazing and a skylight positioned above the bed create an exceptionally bright and open atmosphere. The owner's area also includes a walk-in wardrobe, private office, and separate his-and-hers bathrooms.

A second swimming pool is located on the main deck, surrounded by lounge seating and sunbathing areas. Outdoor spaces throughout the yacht are arranged for relaxed Mediterranean living, with multiple lounge zones, al fresco dining areas, panoramic cocktail spaces, and a beach club positioned directly at the water's edge.

The interior follows a calm contemporary aesthetic with an emphasis on natural light, soft textures, and neutral tones. Large windows fill the living areas with daylight and strengthen the visual connection with the sea.

Accommodation is arranged for up to 12 guests across 7 cabins. In addition to the owner's suite, the yacht features two VIP cabins and four convertible guest cabins, one of which can also function as a massage room, children's cabin, or playroom. Onboard wellness facilities include a hammam, a fully equipped gym located within the beach club, and several dedicated areas for yoga, relaxation, and training with sea views.

**LEMON TREE** is powered by twin MTU engines and reaches a top speed of approximately 17 knots, combining comfortable long-range cruising with smooth and quiet performance.

# DESTINATIONS

## CROATIA

Embark on a journey of unparalleled beauty in Croatia! Picture yourself sailing along the stunning Adriatic coastline, exploring hidden gems like Diocletian's Palace in Split. With crystal-clear waters, charming villages, and a rich history, Croatia is a dream destination for yacht charters. Indulge in the Mediterranean sun and create unforgettable memories on the open seas. Your Croatian yacht charter adventure awaits!

While Croatia enjoys a Mediterranean climate, the warmest period is during the European summer (July-August). However, booking a yacht charter in Croatia during the shoulder seasons (May-June or September-October) still provides warm weather for swimming in the Adriatic's crystal-clear waters, minus the peak tourist crowds.

## GREECE

Greece, a land of fabulous beauty, remains one of the world's most popular travel destinations and has almost 15,000 kilometers of coastline and over 2,000 islands, of which only 170 are inhabited.

There is no better way to explore the beauty of the Greek islands and the coastline of mainland Greece than on a private yacht. By chartering a yacht, you can see unique landscapes and experience the culture of several islands in a short period of time. Some of the islands have airports, making it possible to get to the yacht fairly quickly. The islands are close to each other, and the term "island-hopping" is used here for a reason. You can easily visit a dozen islands during a short cruise, explore isolated beaches with their unique local culture and taste the freshest national food.

Greece has over 250 days of sunshine a year and a typical Mediterranean climate with hot, dry summers. The peak cruising season is the summer from June to August, however, May, Sep...

## MONTENEGRO

Montenegro is the perfect charter destination, where centuries-old architecture blends perfectly with modern hotels, bars and restaurants. From sailing Montenegro's azure waters on a charter yacht to exploring forested mountains, rocky cliffs and small villages nestled on sheer cliffs, this tiny Balkan country is a paradise for discerning travelers.

You can cruise the stunning rocky shores of the Bay of Kotor, known as the southernmost fjord, where emerald cliffs rise above crystal clear blue waters, or the Lustica Peninsula. A cultural attraction since the 17th century is the Ostrog Monastery, located in Montenegro's vertical cliffs, where the remains of St. Basil of Ostrog are kept.

The best time to visit Montenegro is between May and October. At this time you will enjoy pleasant sunny weather, and the sea temperature of 25°C will allow you to relax in the azure waters of the Adriatic Sea.
