SUI GENERIS

SUI GENERIS is a 40.9-metre **Baglietto DOM133** delivered in 2026, combining contemporary Italian design, exceptional interior volume and an innovative open-living concept that brings guests closer to the sea than ever before. Her signature feature is the expansive beach club, centred around a spectacular infinity pool positioned at water level. Designed as the social heart of the yacht, this unique space creates a seamless connection between life onboard and the surrounding seascape. A second swimming pool located on the sundeck provides an additional destination for relaxation, sunbathing and entertaining throughout the day.

Floor-to-ceiling glazing and a bright contemporary interior fill the main saloon with natural light, while the open-plan layout creates a fluid transition between the indoor and outdoor living areas. Every aspect of the design has been conceived to maximise the feeling of openness and maintain a constant connection with the sea.

Accommodation is provided for up to 10 guests in 5 cabins, including a spacious full-beam owner's suite and a highly versatile VIP cabin that can be converted into a second master suite. This flexible arrangement makes **SUI GENERIS** particularly well suited to families and multi-generational groups travelling together.

For entertainment, the yacht offers an outdoor cinema, generous lounge areas and an extensive selection of water toys, including jet skis, Seabobs and Fliteboards. Combined with her thoughtfully designed architecture and professional crew, **SUI GENERIS** delivers a modern yachting experience where comfort, recreation and the sea become part of one continuous living environment.

DESTINATIONS

GREECE

Greece, a land of fabulous beauty, remains one of the world's most popular travel destinations and has almost 15,000 kilometers of coastline and over 2,000 islands, of which only 170 are inhabited.

There is no better way to explore the beauty of the Greek islands and the coastline of mainland Greece than on a private yacht. By chartering a yacht, you can see unique landscapes and experience the culture of several islands in a short period of time. Some of the islands have airports, making it possible to get to the yacht fairly quickly. The islands are close to each other, and the term "island-hopping" is used here for a reason. You can easily visit a dozen islands during a short cruise, explore isolated beaches with their unique local culture and taste the freshest national food.

Greece has over 250 days of sunshine a year and a typical Mediterranean climate with hot, dry summers. The peak cruising season is the summer from June to August, however, May, Sep...
