BOHEMIA

BOHEMIA is a brand-new **Sunreef 80 Power** catamaran delivered in 2026, combining the exceptional volume and stability of a multihull platform with contemporary design and long-range cruising capability. Designed for guests seeking comfort, freedom and a closer connection to the sea, she offers a refined and spacious environment for exploring a variety of cruising destinations. Thanks to her wide-beam catamaran architecture, **BOHEMIA** provides significantly more interior and exterior living space than a traditional motor yacht of comparable length. The result is an atmosphere that feels open, relaxed and remarkably comfortable, both underway and at anchor.

Several outdoor living areas are distributed throughout the yacht. The expansive flybridge serves as the primary social hub, offering panoramic views and generous spaces for relaxing and gathering with family and friends. The aft deck provides an inviting setting for al fresco dining, while the forward lounge combines sunbathing areas and comfortable seating, creating a peaceful retreat with uninterrupted views of the surrounding seascape.

At water level, the generous swim platform becomes a natural focal point during anchorages. Whether swimming, launching water toys or simply relaxing by the sea, this space enhances the connection between the yacht and the surrounding environment and encourages guests to spend more time outdoors.

The interior is designed in a contemporary style, featuring natural materials, light tones and large panoramic windows. The spacious main saloon is filled with natural light and seamlessly combines social and relaxation areas while maintaining constant views of the sea.

Accommodation is provided for up to 10 guests in 5 cabins. The layout includes a full-beam master suite, a VIP cabin, two double guest cabins and one twin cabin. All cabins are equipped with private en-suite bathrooms, ensuring...

DESTINATIONS

CROATIA

Embark on a journey of unparalleled beauty in Croatia! Picture yourself sailing along the stunning Adriatic coastline, exploring hidden gems like Diocletian's Palace in Split. With crystal-clear waters, charming villages, and a rich history, Croatia is a dream destination for yacht charters. Indulge in the Mediterranean sun and create unforgettable memories on the open seas. Your Croatian yacht charter adventure awaits!

While Croatia enjoys a Mediterranean climate, the warmest period is during the European summer (July-August). However, booking a yacht charter in Croatia during the shoulder seasons (May-June or September-October) still provides warm weather for swimming in the Adriatic's crystal-clear waters, minus the peak tourist crowds.

DESTINATIONS

GREECE

Greece, a land of fabulous beauty, remains one of the world's most popular travel destinations and has almost 15,000 kilometers of coastline and over 2,000 islands, of which only 170 are inhabited.

There is no better way to explore the beauty of the Greek islands and the coastline of mainland Greece than on a private yacht. By chartering a yacht, you can see unique landscapes and experience the culture of several islands in a short period of time. Some of the islands have airports, making it possible to get to the yacht fairly quickly. The islands are close to each other, and the term "island-hopping" is used here for a reason. You can easily visit a dozen islands during a short cruise, explore isolated beaches with their unique local culture and taste the freshest national food.

Greece has over 250 days of sunshine a year and a typical Mediterranean climate with hot, dry summers. The peak cruising season is the summer from June to August, however, May, Sep...

DESTINATIONS

MONTENEGRO

Montenegro is the perfect charter destination, where centuries-old architecture blends perfectly with modern hotels, bars and restaurants. From sailing Montenegro's azure waters on a charter yacht to exploring forested mountains, rocky cliffs and small villages nestled on sheer cliffs, this tiny Balkan country is a paradise for discerning travelers.

You can cruise the stunning rocky shores of the Bay of Kotor, known as the southernmost fjord, where emerald cliffs rise above crystal clear blue waters, or the Lustica Peninsula. A cultural attraction since the 17th century is the Ostrog Monastery, located in Montenegro's vertical cliffs, where the remains of St. Basil of Ostrog are kept.

The best time to visit Montenegro is between May and October. At this time you will enjoy pleasant sunny weather, and the sea temperature of 25°C will allow you to relax in the azure waters of the Adriatic Sea.
