MOTOR YACHT

B.NOW 60M

Luxurious in design and practical in layout, the **B.Now 60M** is a striking example of the realization of all **Benetti's** advanced engineering ideas. The smooth profile lines, the aesthetically correct arc of the deck overhangs and the almost vertical stem are the hallmarks of the exterior designed by **RWD** architects. In addition to the impressive interior volume and non-trivial architectural solutions, the model, like the entire line of the same name, is distinguished by the customization possibilities of each project.

The **B.Now 60M** is available in two versions - the traditional stern and the **Oasis** version. In the first case, the higher aft terrace features a pool and lounge area with sofas and sun loungers, while the aft lower deck has an enclosed beach lounge with an onboard balcony opening just above the water level.

In the **Oasis** configuration, the stern of the yacht is a single integrated space for relaxation at sea level. The pool is just a few steps above the aft platform and the terrace is extended by folding bulwarks, increasing the usable "beach" area and removing visual obstacles for those lounging in or around the pool. The oasis philosophy offers a unique, active social format for living on board. The guest living area is planned in versions for 5 or 6 double cabins. 9 cabins for 13 persons are reserved for the crew.

The yacht has a maximum speed of 16 knots and can cruise at 12 knots for up to 5000 miles without refueling.
