## GALILEO 82

**GALILEO 82** is an 82-metre steel and aluminum superyacht developed by **The Italian Sea Group** as the flagship of **Admiral Yachts**. With a generous 13.2-metre beam and four expansive decks, this yacht is designed for long-range cruising with a focus on comfort, privacy, and endurance.

Onboard amenities include over 100 square metres of lounge space, three swimming pools, a beach club complete with a gym and wellness area, and an open-air cinema. Guest cabins are located on the main deck, while the owner's suite occupies the upper deck, ensuring maximum privacy and sweeping panoramic views. Dining areas are set on both the upper deck and bridge deck for versatile entertaining options.

Powered by twin CAT 3516C engines, **GALILEO 82** cruises at 14 knots and reaches a top speed of 16 knots. With a transoceanic range of 6,000 nautical miles and an advanced stabilisation system, she delivers a smooth experience at anchor and underway alike.

A standout feature of the design is a dedicated technical corridor connecting the wellness centre to the upper deck lobby — an architectural statement that also allows guests to view the yacht's "engine room heart" through integrated observation points.

With a construction timeline of 50 months from contract signing, **GALILEO 82** offers extensive customisation, thoughtful spatial planning, and engineering excellence for owners who value both aesthetic impact and operational reliability.
