ESSENCE 77

ESSENCE 77 is a 77-metre superyacht built by **Admiral Yachts**, representing the modern Italian approach to design—where timeless elegance meets technical excellence. With a steel hull and aluminium superstructure, her bold silhouette was conceived entirely in-house by Centro Stile, the design studio of The Italian Sea Group.

Designed for extended cruising in maximum comfort, **ESSENCE 77** accommodates up to 12 guests in six staterooms, including a panoramic master suite on the upper deck with its own private aft terrace. The yacht's layout emphasizes open, fluid spaces and freedom of movement, with a gross tonnage of 2,100 GT offering exceptional volume across four decks.

The lower deck is home to a full-beam beach club with direct sea access. This luxurious area features a sauna, hammam, massage room, and multiple lounges. Fold-out balconies on both sides expand the space into an immersive overwater experience, creating a relaxed open-air lounge right at the waterline. The sundeck is equipped with a Teppanyaki grill bar and sun loungers, while additional lounges and dining spaces span every deck.

On the main deck, a large aft pool invites relaxation, while Jacuzzis on both the sundeck and foredeck provide private spots for unwinding with a view. Generous exterior decks and well-planned alfresco areas make the yacht ideal for both private cruising and charter operations.

ESSENCE 77 is powered by twin Caterpillar 3516C engines, delivering a cruising speed of 14.5 knots and a top speed of 16 knots. She offers a range of approximately 4,500 nautical miles, ideal for transoceanic passages. A certified helipad enhances mobility and supports autonomous operation in remote destinations.

With accommodations for a professional crew of 28, **ESSENCE 77** combines graceful styling with robust functionality — a true long-range superyacht built for life at sea without compromise.
