PANORAMA 60

PANORAMA 60 is a 60-metre flagship superyacht from **Admiral's PANORAMA** series, developed in collaboration with Piredda & Partners. Designed with a clean architectural profile and an open-plan concept, the yacht emphasizes a seamless connection between indoor and outdoor spaces and the surrounding seascape. The main deck features a panoramic lounge enclosed on three sides by floor-to-ceiling glazing, flooding the interior with natural light and offering sweeping sea views. Interiors are finished in a light, elegant palette with natural wood, stone, and matte metal accents that create a refined yet relaxed atmosphere.

The master suite is located on the upper deck and enjoys direct access to a private terrace with a Jacuzzi, sun loungers, and a secluded seating area. The yacht accommodates up to 12 guests in total, with five additional guest cabins and quarters for a crew of 16.

Standout features include a foredeck helipad, an infinity-edge pool on the aft deck, fold-down side terraces that expand the beach area, and a beach club complete with gym and spa facilities. The upper and sun decks are dedicated to indoor-outdoor living, offering a bar, lounge seating, and unobstructed 360-degree views. Constructed with a steel hull and aluminium superstructure, **PANORAMA 60** is powered by twin Caterpillar engines, delivering a cruising speed of 14 knots and a top speed of 15.5 knots. Bespoke interior configurations are available upon request, allowing owners to tailor the yacht to their lifestyle and aesthetic preferences.
