SILVER STAR I

SILVER STAR I is a 55.3-metre all-aluminium superyacht built by **Admiral Yachts** in collaboration with designer Gian Marco Campanino. Her sleek silhouette features a bright Chevy White hull accented by contrasting details on the superstructure, making her instantly recognisable both at anchor and underway.

The interior — designed in partnership with ARMANI/Casa — showcases the brand's iconic furnishings, fabrics, and finishes, delivering a sophisticated atmosphere throughout. The result is a refined yet contemporary ambience that blends luxury with the unmistakable Italian style.

SILVER STAR I accommodates up to 12 guests across six cabins: a full-beam master suite on the main deck, a VIP suite, and four guest cabins on the lower deck. The main salon connects seamlessly with the formal dining area and opens directly onto the aft deck, enhancing the sense of flow between interior and exterior spaces. Outdoor living is a focal point: the yacht features a beach club, a Jacuzzi and bar on the sundeck, and a versatile circular foredeck area that can function either as a lounge or a certified touch-and-go helipad.

Powered by twin CAT C32 Acert engines, **SILVER STAR I** cruises comfortably at 16.5 knots and reaches a top speed of 18 knots. Despite her impressive size, she remains under 500 GT and is built to both RINA and MCA standards. Navigation, communication, and entertainment systems are fully up to date, offering a seamless experience for both private and charter use.

With its distinctive aesthetic, high-performance profile, and the added prestige of ARMANI-designed interiors, **SILVER STAR I** represents a bold and stylish take on the modern 55-metre superyacht.
