MOTOR YACHT

GECO

GECO is a 55.2-metre superyacht built in 2020 by **Admiral Yachts (part of The Italian Sea Group)** as part of the acclaimed **S-Force** series. Notable for its extensive use of glass and fluid transitions between indoor and outdoor spaces, **GECO** won the International Yacht & Aviation Award in 2021 for Best Motor Yacht Over 40m. Her sleek exterior, finished in Chevy White, features smooth, aerodynamic lines and a bold profile. Key exterior highlights include a certified helipad, pool, Jacuzzi, and an expansive beach club with direct sea access. A dedicated workout area is located on the sundeck, while the upper deck hosts the Buddha Bar lounge, ideal for social gatherings and sunset cocktails.

GECO's interiors blend contemporary elegance with tactile luxury, using materials such as leather, light oak, marble, and parquet flooring. The main salon includes a spacious lounge with AV entertainment and a formal dining area beneath a sculptural central chandelier. A second salon on the upper deck opens directly onto an alfresco lounge.

She accommodates up to 12 guests in six cabins, including a full-beam master suite on the main deck with private office, walk-in wardrobe, and his-and-hers bathrooms. The lower deck features a VIP suite and four additional guest cabins. Thirteen crew members are accommodated in separate quarters to ensure full service and privacy. Powered by twin Caterpillar C32 ACERT engines (1900 hp each), **GECO** reaches a top speed of 18.5 knots, cruises at 15.5 knots, and offers an economical range of over 3,500 nautical miles at 10 knots. She is fitted with CMC Zero Speed stabilisers, Servogear variable pitch propellers, and a dynamic positioning system for enhanced onboard comfort and precision at anchor.

Watertoys include a ZAR 595 tender, two jet skis, an inflatable slide, and a floating swimming platform. **GECO** is MCA and RINA compliant and maintained according to a five-year technical programme.

With a proven charter record and a modern technical platform, **GECO** offers a compelling blend of style, performance, and readiness for global cruising.
