# ENERGY

**ENERGY** is a 77.8-metre superyacht delivered by **Amels** in 2022, showcasing a bold exterior by Espen Øino and refined interiors by François Zuretti. Built with a steel hull and aluminium superstructure to Lloyd's classification, the yacht embodies a modern approach to life at sea—one that blends open living, functionality, and luxury in seamless harmony.

The design prioritizes a strong connection to the ocean, with expansive windows, fluid indoor-outdoor spaces, and multiple decks dedicated to leisure and entertainment. The owner's deck is a private sanctuary, featuring its own terrace, Jacuzzi, marble fireplace, full lounge, and one of the largest private pools ever installed on a yacht. The main deck is home to VIP suites, each offering private balconies and sliding glass doors that open up to panoramic sea views.

Above, the upper deck serves as a vibrant social space, complete with a music lounge, a Steinway grand piano, a marble bar, and wraparound seating. The top deck includes a certified helipad that doubles as a yoga area and sun deck, with a Jacuzzi and open-air bar for relaxed gatherings.

Inside, the main salon flows into a formal dining area, a private office, and even a martial arts studio—illustrating the yacht's bespoke nature. Below, the beach club spans the full beam and includes a spa with hammam, sauna, massage room, gym, and a waterfront lounge. Fold-down platforms at the waterline allow easy access to tenders and the sea.

**ENERGY** accommodates 14 guests in seven suites, including two VIPs and four guest cabins on the lower deck. With space for 27 crew, the yacht ensures exceptional levels of service and operational efficiency.

Powered by twin MTU engines of 3,046 hp each, **ENERGY** reaches a top speed of 17 knots and cruises comfortably at 13.5 knots, with a range of 5,000 nautical miles. Twin stabilizers enhance comfort both underway and at anchor, making her ideal for extended cruising in total luxury.

**ENERGY** is not just a yacht but a bold expression of individuality, craftsmanship, and vision. She was conceived for an owner who seeks the highest standard in both form and function, delivering a yachting experience that is as elegant as it is expansive.
