## STELLA M

**STELLA M** is the inaugural superyacht in the **Amels 200 Limited Editions** series—a 60.1-metre vessel that combines proven engineering with a refined contemporary aesthetic. Delivered in 2021, her exterior was designed by Tim Heywood and interiors by Raymond Langton Design. With a steel hull, aluminium superstructure, and a volume of 1,015 GT, **STELLA M** is built to Lloyd's classification and complies with IMO Tier III standards. She also features a hybrid diesel-electric propulsion system, reflecting her owners' commitment to more sustainable yachting.

Her upper decks are designed for both privacy and comfort. The sundeck features a Jacuzzi, double sunbed, bar, and a panoramic lounge area enclosed with glass railings. This level also includes a gym, massage room, and guest dayhead. On the bridge deck, a formal dining area for 14 guests is paired with a barbecue, and lounge spaces are arranged fore and aft for more intimate relaxation. The skylounge is furnished with sofas, armchairs, a TV, and a dayhead, while the main deck offers a U-shaped lounge flowing onto an expansive aft deck with direct access to the beach club. The club is equipped with a sauna, shower, and bar, and the swim platform features hydraulic steps for easy access to the water.

**STELLA M** accommodates up to 14 guests. The full-beam owner's suite, located forward on the main deck, includes a private cinema, office, bathroom, dressing room, and a fold-out balcony. A VIP suite occupies the bridge deck, and the lower deck houses four guest cabins—two convertible twins and two with Pullman berths. The crew of 14 is housed in separate quarters, ensuring discreet and efficient service. Powered by twin MTU engines of 1,851 hp each, **STELLA M** reaches a top speed of 15.5 knots and cruises comfortably at 14 knots. Her range is 4,500 nautical miles, supported by zero-speed stabilisers for optimal comfort whether underway or at anchor.

**STELLA M** is a standout example of next-generation superyacht design—offering innovation, efficiency, and elegance within the proven **Amels** platform.
