LA CREME

Arcadia Sherpa 80 LA CREME is a rare offering on today's motor yacht market - a 2023 launch in immaculate condition with minimal engine hours. True to Arcadia Yachts' philosophy, this 24-metre model blends advanced ecological solutions with contemporary design and innovative engineering.

One of **LA CREME's** standout features is the enclosed winter garden on the aft main deck. Designed as a U-shaped lounge with a dining area, this space is protected by sliding glass panels, offering year-round usability. Sheltered from wind and rain yet open to panoramic sea views, it creates a cosy, all-season setting for dining, entertaining, or simply relaxing. A convenient dayhead is located nearby for added comfort during extended time on deck.

The flybridge is fully dedicated to open-air living, featuring lounge seating, a coffee table, a bar, and a fully equipped outdoor kitchen - perfect for informal meals or evening gatherings under the stars. At the bow, an additional forward lounge with a dining table and sofa provides an ideal setting for morning coffee or sunset aperitifs. Below deck, four en suite cabins accommodate up to eight guests, including a full-beam master suite of 25 square metres and a spacious VIP forward. Crew quarters for up to four are housed in two separate cabins, ensuring efficient service without compromising guest privacy.

Power comes from twin Volvo Penta IPS 1350 engines, delivering a top speed of 23 knots and a comfortable cruising speed of 20 knots. In keeping with **Arcadia's** commitment to sustainability, solar panels integrated into the superstructure generate up to 3 kW of clean energy, reducing reliance on generators and lowering the vessel's environmental footprint.

LA CREME is a striking expression of **Arcadia's** forward-thinking ethos - combining intelligent design, eco-conscious technology, and luxurious liveability. Ideal for owners seeking a modern yacht that prioritises sustainability without sacrificing comfort or style.
