SESSANTASETTE 67 CORSA

Sessantasette 67 Corsa is a 20.8-meter sportbridge motor yacht built by **Cranchi Yachts**, designed for high-speed cruising with a bold, contemporary aesthetic. Created under the artistic direction of Christian Grande and technical supervision by Aldo Cranchi, this model combines performance, innovation, and expressive styling. With sleek, athletic lines and a compact sportbridge seamlessly integrated into the yacht's silhouette, the **67 Corsa** emphasizes dynamism. The forward-positioned helm station and signature red detailing underscore its sporty DNA. A fully open aft cockpit connects guests directly to the sea, while electric panoramic side windows in the main salon enhance natural light and open up the interior to the surroundings. The interior is styled in a modern minimalist theme, where form follows function. The main deck layout includes a salon with lounge seating and a dining area flowing into an open-concept galley. A second, more compact galley with counter space sits near the central helm station, which features two ergonomic helm seats. Below deck, the yacht offers three guest cabins, including a full-beam master suite and two additional guest cabins—carefully arranged for privacy and comfort. The layout is designed for efficient use of space, with an emphasis on comfort during both short trips and longer coastal cruises. Powered by twin Volvo Penta D13 IPS 1350 engines (1,000 hp each), the **Sessantasette 67 Corsa** delivers impressive cruising performance and agility. With a CE Category B rating and capacity for up to 18 guests, she is perfectly suited for coastal cruising and extended day trips, offering a balance of style, speed, and comfort.
