## M44 HT

**Cranchi M44 HT** is a 13.82-meter sport cruiser designed with a focus on comfort, practicality, and fuel efficiency. The model combines a sleek, recognizable silhouette with a highly functional layout that prioritizes easy handling and relaxed living on board.

One of the standout features of the **M44 HT** is its soft hardtop roof, which easily retracts to transform the enclosed cockpit into an open-air space. This flexibility allows the yacht to adapt to changing weather conditions and guest preferences. The cockpit includes a dining area, a compact galley, and a sun lounger under the retractable roof.

The helm station blends analog and digital instrumentation, offering intuitive control and clear visibility. The refreshed interior, styled by designer Christian Grande, features a light color palette and high-quality finishes. The lower deck accommodates up to five guests in two cabins, each with its own bathroom—an ideal setup for weekend cruises or short family getaways.

Powered by twin Volvo Penta D6-400 diesel engines, the **M44 HT** offers a solid balance of performance and fuel economy. With a 940-liter fuel tank and 300-liter freshwater capacity, it's well-suited for extended coastal trips without frequent stops.

CE-certified in Category B, the yacht is rated for up to 12 people. The **Cranchi M44 HT** is a well-rounded choice for those seeking a stylish, reliable, and well-equipped yacht for family cruising or coastal exploration.
