ARKTUR

Cranchi Sessantasette 67 ARKTUR is a 21-meter flybridge motor yacht combining distinctive contemporary styling with high comfort levels and excellent cruising performance. Built in 2022 and registered in San Marino, she features composite construction with an eye-catching finish in Panama Supremo for the hull and Nero Vulcano accents on the superstructure. All exterior decks are laid in natural teak. The hull design incorporates a deep V-shaped keel for optimal stability and responsive handling. Performance is ensured by twin Volvo Penta diesel engines, automatic Humphree interceptors, and a Seakeeper 9 gyro stabilizer for enhanced comfort at anchor.

The flybridge offers a C-shaped lounge, bar area with grill, cooktop, and fridge, plus sun loungers aft. A hardtop with electric slats provides shade. Forward, a spacious sunpad and dining table are paired with integrated weatherproof audio systems. The aft cockpit features a folding table, underwater lighting, tender garage, and hydraulic swim platform.

The open-plan main salon is surrounded by panoramic windows, creating a bright and inviting atmosphere. The lounge includes an L-shaped sofa and dining table for six. The galley is fully equipped with Miele appliances, a dishwasher, wine cooler, and marble finishes. The yacht features Raymarine YachtSense for integrated control of lighting, climate, security, and engine data.

Accommodation includes three guest cabins for up to six guests and separate crew quarters. The full-beam owner's suite offers a sleeping area, walk-in wardrobe, vanity desk, mini-fridge, and a large en-suite bathroom with dual sinks and walk-in shower. The crew quarters include twin bunks, a galley, and separate facilities.

Technical features include a 28 kW generator, watermaker (130 L/h), Wi-Fi, CCTV, DockMate remote docking system, electronic steering, bow thruster, and hydraulic passerelle. Entertainment systems include retractable 55" TVs in the salon and master cabin, paired with Bose surround sound.

ARKTUR is a refined, capable yacht ideal for extended cruising — offering a balance of performance, ergonomic design, and comfort with attention to detail throughout.
