SARAH

Cranchi 60 HT SARAH is an 18-meter hardtop motor yacht that blends sporty performance with refined onboard comfort. Built in 2018 and refitted in 2020, she features a sleek, modern design, a thoughtful layout, and a reliable technical platform.

Her exterior layout is designed for relaxation and functionality: the cockpit features a dining area and a spacious sunpad aft, ideal for enjoying the open air. The hydraulic swim platform offers easy access to the water and also serves as a tender garage with an integrated launch system.

The salon is bright and contemporary, with large windows flooding the space with natural light. The galley is smartly positioned to serve both interior and exterior areas with ease. Accommodation is provided for up to six guests in three en-suite cabins, including a full-beam master suite, a VIP cabin forward, and a twin cabin with side-by-side beds. A separate crew cabin is located aft.

Powered by twin Volvo Penta IPS 950 engines (2 x 725 hp), SARAH cruises comfortably at around 24 knots and can reach a top speed of 31 knots. The joystick control system and bow thruster make close-quarters maneuvering simple and precise.

SARAH is a well-balanced yacht for owners seeking dependable performance, understated style, and all the comfort needed for relaxed coastal cruising. She is fully equipped and maintained in very good condition — ready for immediate enjoyment.
