## WEDGE TOO

**WEDGE TOO** is a 65-meter full-displacement motor yacht built by **Feadship** in 2002. She is widely recognized as the first superyacht project by designer Philippe Starck, whose visionary approach reshaped expectations of yacht architecture and interior design. Her steel hull and aluminum superstructure were engineered in collaboration with De Voogt Naval Architects, resulting in a vessel that combines technical excellence with unmistakable style.

Starck's design philosophy is evident in every detail — from the yacht's clean, minimalist lines to the iconic light green spiral staircase that connects all decks. The interior is both eclectic and sophisticated, using custom materials and bold design cues that remain timeless over two decades later. A guest elevator provides seamless access across all decks.

**WEDGE TOO** accommodates up to 18 guests across nine staterooms, including a full private owner's deck with two separate suites, dedicated lounges, and a private terrace. Guest staterooms are spread across the main and lower decks. Generous interior volumes are complemented by expansive exterior decks, including a sun deck with an oval swimming pool, sun loungers, and multiple al fresco dining and lounge areas.

Powered by twin Caterpillar 3516B diesel engines, she cruises comfortably at 12 knots, reaches a top speed of 16.5 knots, and has a transoceanic range of approximately 2,600 nautical miles. Her technical systems have been consistently maintained to a high standard, with recent overhauls of engines, generators, and stabilizers, and a new blackwater treatment system installed in 2024.

Onboard amenities include Starlink internet, a full Kaleidescape cinema server, iPad-controlled AV systems, and a fully equipped galley, laundry, and tender garage. The yacht carries two tenders with overhead cranes and a selection of water toys.

Crew accommodations for up to 21 crew members ensure efficient operation and excellent service, while preserving guest privacy at all times.

With her architectural uniqueness, spacious layout, and robust **Feadship** pedigree, **WEDGE TOO** remains one of the most distinctive superyachts on the water — a rare opportunity for owners seeking a proven vessel with character, artistry, and substance.
