MOTOR YACHT

# MOKA

Launched in 2011 by **Overmarine**, **MOKA** is the sixth hull in the renowned **Mangusta 165** series. Privately owned since delivery, she has been meticulously maintained to ABS class and underwent major refits in 2020, 2022, and 2023. Today, **MOKA** is offered for sale in turn-key condition.

Measuring 49.9m in length with a beam of 9.2m and a draft of 1.6m, her naval architecture and interior design were developed in-house by Overmarine, while the exterior styling is by Stefano Righini. Her hull and superstructure are built in composite materials.

Performance is at the core of her design: triple MTU 16V 4000 M93L engines (4,613 hp each) coupled with ZF gearboxes and Kamewa waterjets with Rolls Royce control deliver a cruising speed of 32 knots and a thrilling top speed of 38 knots, all while ensuring stability and range.

Accommodation is for up to 13 guests across five cabins. The full-beam master suite amidships features two separate en-suites — one with a hammam and steam shower, the other with a Jacuzzi. A forward VIP cabin offers a king-size bed and en-suite, complemented by a double, twin, and triple cabin, each with private bathrooms. Up to 10 crew members are accommodated in five cabins with dedicated service areas.

Her interiors combine sleek sophistication and comfort, finished with dark wood and oak paneling, parquet flooring, and soft neutral carpets. Integrated lighting and entertainment systems are controlled via iPad. The main salon features a flexible layout, allowing it to adapt to various guest activities.

Outdoor living is equally versatile, with multiple relaxation and entertainment areas:

- a upper deck with sun loungers, helm station, gym equipment, and alfresco dining for 10,

- an aft deck lounge with sofas, coffee table, and dining area shaded by a retractable awning,

- a foredeck sunbathing area with an additional dining zone.

Technology onboard includes advanced navigation and communication systems (Furuno, Simrad, Inmarsat, V-Sat) and multimedia with Apple TV integration.

For watersports, her inventory features a Castoldi Superjet 21 tender, Liteboat, Tiwal inflatable sailing dinghies, a jellyfish-protection swimming pool platform, and hydrofoil surfboards. Fitness enthusiasts will enjoy a fully equipped gym with Technogym and Kaiser equipment.

Recent upgrades include a full repaint of the hull, replacement of windows, servicing of engines and generators, modernization of watermakers and air-conditioning systems, renewal of navigation monitors, new appliances, and upgraded exterior furniture.

With a proven technical history, **MOKA** represents a rare opportunity to acquire a high-performance yacht that blends speed, style, and exceptional onboard amenities for both relaxation and adventure at sea.
