HEITI

HEITI is a 29.8-meter long-range motor yacht, built in 2019 by Gulf Craft as part of the Nomad 95 SUV line — a model designed to combine **robust construction, functionality, and superior comfort** for extended cruising. Constructed from **fiberglass**, she offers an excellent balance of **strength, durability, and efficiency**. Powered by **twin CAT C32 engines** of 1,900 hp each, HEITI reaches a **top speed of 23 knots** and offers a **range of approximately 1,400 nautical miles**, making her equally suited for **coastal exploration and long-distance passages**. With a **beam of 7.4 meters**, she provides **generous interior volume** and excellent stability underway. Her layout accommodates **ten guests in five cabins**, including a **full-beam master suite** located on the upper deck, as well as **separate crew quarters** to ensure privacy and professional service. The interior features a **modern, minimalist design**, enhanced by **panoramic windows, natural materials, and soft neutral tones**. The **flybridge** offers an inviting **alfresco dining area, sun loungers, and a barbecue station**, creating a perfect setting for relaxation and socializing outdoors. Among her technical highlights are **advanced stabilizers, a night vision system, and state-of-the-art navigation equipment**, ensuring comfort, safety, and effortless operation in all conditions.
