ATLANTE CLASSIC 35 EXPLORER

Atlante Classic 35 Explorer is a 34.5-meter expedition yacht available for construction at **Mengi Yay Yachts**, representing a new generation of the **Atlante** series. In its updated Pool & Jacuzzi version, the project combines the robustness of a transoceanic explorer with the comfort of a luxury motor yacht, offering an impressive internal volume of 330 GT and a beam of 8.25 meters, resulting in exceptionally spacious living and deck areas rarely seen in this class. Designed for long-range cruising, the yacht boasts an autonomy of over 4,000 nautical miles. A strong steel hull and aluminum superstructure ensure stability and efficiency in all sea conditions. Powered by twin Volvo Penta D16 engines of 850 hp each with SCR systems meeting IMO Tier III emission standards, the yacht also features CMC Marine LR90 electric stabilizers and Slepner Sidepower hydraulic bow and stern thrusters for enhanced comfort and maneuverability. Developed in collaboration with VYD Studio and Arrabito Naval Architects, the **Atlante Classic 35 Explorer** retains the distinctive exterior character of the **Atlante** line, while the interior embraces a contemporary Italian aesthetic, focusing on functionality and comfort. The layout accommodates 10 guests in five ensuite cabins and seven crew in four cabins, ensuring both privacy and efficient service. Expansive exterior areas include a large beach club, multiple lounging and dining zones, and optional pool and jacuzzi installations, emphasizing the yacht's versatility. Built to RINA C  HULL  MACH Commercial Short Range standards, the **Atlante Classic 35 Explorer** embodies engineering reliability, thoughtful design, and superior craftsmanship, reflecting over 60 years of **Mengi Yay's** shipbuilding expertise.
