MOTOR YACHT

RELIANCE

RELIANCE is the sixth yacht in the **Heesen 55 Steel** series, launched in 2023. With a steel hull and aluminium superstructure, she delivers reliability, efficiency, smooth performance, and a range of up to 4,500 nautical miles at 13 knots cruising speed. Her top speed reaches 15.5 knots, and Naiad Zero Speed stabilizers ensure comfort both underway and at anchor.

Accommodation is designed for up to 12 guests in six cabins: a full-beam master suite on the main deck, a VIP cabin on the upper deck, and two VIP plus two twin cabins on the lower deck. The crew of 13 is housed in separate quarters, with convenient access to the galley, storage, and service areas, fully equipped for long passages and charter operations.

The yacht is powered by twin MTU 8V 4000 M63 engines with extended warranty, supported by five Zenoro generators, a hybrid shore converter, desalinators, and fully serviced auxiliary systems. Navigation and communications are provided by Furuno, Cobham, and Simrad, with Apple TV and high-speed Wi-Fi installed in guest and crew areas.

RELIANCE comes complete with a full suite of tenders and water toys, including a Castoldi 7.2 m tender, rescue tender, jet skis, electric boards, and e-foil. With meticulous maintenance and extended warranties, the yacht is ready for long-range voyages, circumnavigations, commercial charter, or private use.
