PROVOCATEUR

PROVOCATEUR is a 50-metre aluminium superyacht, built in 2016 by **Mondomarine**, designed for long-range cruising and autonomous operation. Her semi-displacement hull provides an optimal balance between speed and efficiency, with a cruising speed of 16 knots and a maximum speed of 20 knots.

Accommodation is for up to 14 guests in six cabins, including a master cabin on the main deck, a VIP cabin on the upper deck, and four guest cabins on the lower deck, one of which features two additional berths. Guest amenities include a gym and sauna. The interiors were updated in 2023–2024, including cosmetic refreshes and technical upgrades.

A key feature is the deck pool on the sundeck, providing an additional outdoor relaxation area during cruising or at anchor. Fuel and water capacity, along with a range of approximately 3,500 nautical miles, allow for extended autonomous voyages without frequent marina stops.

The yacht is Marshall Islands flagged, ABS compliant, and holds a commercial registration. Engine hours are approximately 675 hours. With a gross tonnage of 499 GT and overall length exceeding 50 metres, **PROVOCATEUR** offers spacious living areas, functional layout, and updated technical platforms, making her ready for charter operations or long-range private cruising.
