## LAMBORGHINI 63 #32

Introducing the **Tecnomar Lamborghini 63** - the epitome of luxury speed boats combining style and avant-garde design. Inspired by Lamborghini's high-performance cars, the yacht's concept revolves around speed and dynamism. Propelled by two MAN V12 engines each producing 2000 horsepower, the yacht achieves an impressive top speed of 63 knots. Its hull, crafted from fiberglass resembling **Lamborghini's** signature materials, ensures an ultralightweight of just 24 tons despite its 63-foot length.

Designed by **Tecnomar** and **Lamborghini Centro Stile**, the yacht embodies advanced Italian craftsmanship both inside and out. Featuring a fiberglass hull and a carbon superstructure crafted using cutting-edge vacuum technology, it accommodates up to 5 guests and 2 crew members. The **Tecnomar Lamborghini 63** offers an unparalleled experience on the water, catering to speed enthusiasts and luxury connoisseurs alike.
