## C48

**Princess C48** is a motor yacht offered in two configurations, with either an open or enclosed saloon. Designed for owners who value speed and versatility, it belongs to the **Princess C Class** range, making it well suited for active day boating and short passages in variable weather conditions.

With an overall length of approximately 14.9 metres and a beam of 4.16 metres, the hull delivers stable, predictable handling underway. A draft of around 1.2 metres in the inboard-engine version allows confident operation both in coastal waters and offshore. The enclosed deck saloon, featuring panoramic glazing, creates a protected environment with excellent visibility while maintaining a strong visual connection to the sea and ensuring comfort for crew and guests at higher speeds. The model is available with several propulsion options, including both outboard and inboard engine configurations. This flexibility allows the **Princess C48** to be tailored to the owner's preferences, from dynamic day cruising to more relaxed coastal passages.
