MOTOR YACHT

ATLANTIS 45

Atlantis 45 is a compact and dynamic 14.6-metre motor yacht designed for active coastal cruising and everyday enjoyment on the water. Her GRP hull delivers a stable, confidence-inspiring ride and good comfort at higher speeds. The main deck is arranged on a single level, running seamlessly from the cockpit to the helm for easy movement and practical day-to-day use.

Accommodation is provided for four guests in two cabins. Forward is a VIP cabin, while the guest cabin features twin berths that can be converted into a double, with the option of an additional Pullman berth. A single bathroom serves both cabins. The galley and dinette are located on the lower deck, leaving the main deck dedicated to outdoor living. A spacious cockpit and a logical main-deck layout make the yacht particularly user-friendly for regular use.

Powered by twin Volvo Penta IPS 650 engines producing 480 hp each, **Atlantis 45** reaches a top speed of around 35 knots and cruises comfortably at approximately 30 knots.
