## 96 SANREMO

**Amer 96 Sanremo** is a new 29-metre motor yacht by **Amer Yachts**, combining contemporary design, high cruising performance and a practical, well-balanced layout. The GRP hull with an aluminium superstructure and teak decks delivers a lightweight construction with confident, stable behaviour underway.

Powered by three Volvo Penta IPS engines, the yacht offers excellent manoeuvrability, easy docking and efficient fuel consumption. Fuel capacity of approximately 5,400 litres supports extended cruising, while a shallow draft of around 1.05 metres allows access to bays and anchorages that are off-limits to deeper-draft yachts.

The layout accommodates up to eight guests in four cabins, with two additional crew cabins ensuring discreet and professional service. The bright main-deck salon is visually connected to the exterior and flows seamlessly into the aft cockpit with an open-air dining area. Forward sun pads and a spacious flybridge with sun loungers, dining space and a helm station create comfortable outdoor areas for relaxation throughout the day.

**Amer 96 Sanremo** is a practical and well-balanced yacht designed for private ownership, offering a refined blend of comfort, performance and ease of use for dynamic and enjoyable cruising.
