NAVETTA 26 CRESCENDO

Custom Line Navetta 26 Crescendo (2014) is a refined and upgraded version of the **Navetta 26**, conceived as an intermediate solution between the **Navetta 26** and **Navetta 28**. The **Crescendo** specification features increased interior volume, an optimized layout, and a series of structural and interior enhancements, bringing the yacht closer in functionality to the **Navetta 28** while retaining the 26-metre platform. Designed for extended cruising, the yacht accommodates up to 12 guests in five cabins. The full-beam owner's suite is located on the main deck and includes a private bathroom and walk-in wardrobe. The lower deck houses a VIP cabin and additional guest cabins, all with en-suite bathrooms. Crew quarters are arranged separately for four crew members, with two cabins and dedicated facilities, ensuring privacy and efficient service.

The main salon features panoramic glazing and combines a lounge area, formal dining space, and direct access to the aft cockpit. The fully equipped galley is designed to support long-range cruising. Onboard systems include full climate control, audio-visual entertainment, and an integrated vessel monitoring system. Power is provided by twin MAN V10 diesel engines, each producing 1,100 hp, with conventional shaft lines and V-drive configuration. The yacht cruises comfortably at 10–12 knots and reaches a top speed of up to 16 knots.

Outdoor areas include a flybridge with lounge seating, dining area, sun loungers, and bar; a foredeck sunbathing area; and an aft cockpit with dining table and direct access to the swim platform. The yacht is equipped with stabilizers, bow thruster, twin generators, and well-organized access to technical spaces.

The **Navetta 26 Crescendo** offers a compelling balance of volume, comfort, and seaworthiness, making her a highly capable platform for long-distance cruising with a level of functionality approaching that of larger displacement yachts.
