INVADER

INVADER is a 49.9-metre motor yacht built by **Codecasa** in 1999 and extensively refitted in 2019, including a complete renewal of the interiors and main social areas. She features a steel hull, aluminium superstructure, and teak decks. The exterior was designed by Della Role Design, while the interiors were created by Vafiadis Studio, focusing on functionality and logical spatial organization.

Following the refit, the main salon was fully redesigned with clearly defined lounge and dining areas. The interior combines lacquered wood, light fabrics, and marble and onyx accents, primarily in common areas and bathrooms. The layout is suitable for both private ownership and charter operations.

INVADER accommodates up to 10 guests in five cabins. The full-beam master suite is located on the main deck and includes a private office, dual dressing rooms, and a spacious bathroom with separate bath and shower. The lower deck houses four guest cabins, all with en-suite facilities. Crew accommodation consists of seven cabins for up to 12 crew members. A lift provides access to all decks for added convenience.

The upper deck features a sky lounge with a sofa area, bar, home cinema, and workspace, along with a covered aft dining area. Forward on the same deck is the helm station with wrap-around seating. Zero-speed stabilizers enhance comfort at anchor.

The sundeck is equipped with a jacuzzi, sunbathing areas, a bar, and sun canopies. The yacht's mast includes an observation platform accessible via ladder, with integrated lift access.

INVADER combines classic **Codecasa** build quality with a thoughtfully refitted interior, offering a perfect balance of luxury, functionality, and comfort for long-range cruising or charter.
