MOTOR YACHT

COCOY

COCOY – Riva 82' Diva (2025) is a modern high-performance motor yacht designed to deliver fast passages with true superyacht-level comfort. She is powered by twin MAN V12 engines rated at 1,900 hp each, providing a cruising speed of around 27 knots and a top speed in excess of 30 knots. Fin and gyroscopic stabilizers ensure excellent comfort both underway and at anchor, while upgraded generators and a tropical-spec air-conditioning system make her perfectly suited to warm-climate cruising.

Accommodation is for up to 8 guests in four luxurious en-suite staterooms, including a full-beam Owner's suite, one VIP cabin, and two guest cabins. Each cabin features marble-finished bathrooms, electric blackout blinds, and large panoramic windows. The main saloon, with its expansive glazing and sliding doors opening directly to the cockpit, creates a seamless indoor-outdoor living and dining space. Onboard systems include Starlink and 5G internet, satellite TV, and a premium audio system. **COCOY's** exterior layout offers an aft cockpit, a hydraulic swim platform with beach-club function, a forward sunbathing area, and a flybridge with lounge, bar, and dining areas. Her Shark Grey hull with black accents and underwater lighting highlights the yacht's dynamic, sporty profile.

COCOY – Riva 82' Diva combines impressive performance, contemporary Italian design, and well-thought-out leisure spaces, making her equally suited for exhilarating cruising and relaxed time at anchor.
