MIOTU

MIOTU - Custom Line 140' (42.61 m) is a four-deck motor yacht built in 2022 with only one owner since new. Designed by Francesco Paszkowski with interiors by Margherita Casprini, she features a contemporary Italian aesthetic focused on volume, light, and practical, owner-friendly layout. The composite hull with carbon-fiber reinforcement reduces weight, increases structural rigidity, and improves overall fuel efficiency.

Her four-deck configuration creates a natural flow between interior and exterior spaces. The main deck offers a spacious saloon and aft lounge area, while the upper deck hosts a sky lounge and large formal dining area. The sun deck is arranged with a bar, sun loungers, and dining table, and the foredeck provides panoramic views and an additional sunbathing area. This architectural layout is equally well suited for private ownership and charter operation.

Accommodation is for up to 11 guests in five cabins, with 7 crew. The full-beam Owner's suite is located on the main deck, while two VIP cabins and two guest cabins are situated on the lower deck. All cabins are generously proportioned, en suite, and designed for extended stays on board.

Powered by twin MTU 16V 2000 M96L engines delivering 2,638 hp each, **MIOTU** cruises comfortably at around 18 knots with a top speed of 21.5 knots. With a beam of 8.54 m and a gross tonnage of 398 GT, she offers the volume and deck space of a significantly larger yacht, while maintaining the handling, efficiency, and reliability for which the **Custom Line 140'** platform is renowned.
