# LA VETTA

**LA VETTA** – Custom Line **Navetta 38** (38.8 m) is the third hull of the series, delivered to her owner in 2025 and available for immediate purchase without the usual new-build waiting period. The yacht is MCA commercially certified while remaining under 299 GT, offering a major advantage for both private ownership and charter operations, combining generous interior volume with simplified regulatory requirements.

Her exterior styling by Filippo Salvetti and interiors by Antonio Citterio Patricia Viel create a modern, well-balanced platform filled with natural light thanks to extensive panoramic glazing. A standout feature of the design is the new-generation beach club, with an enlarged swim platform, built-in sofas and fold-down bulwarks, forming a true waterside lounge ideal for swimming, tender operations and water toys. Accommodation is for up to 10 guests in five cabins. The full-beam Owner's suite on the main deck includes a private office, two walk-in wardrobes and separate his-and-hers bathrooms. The lower deck hosts two VIP cabins, one double cabin and one twin cabin, all en suite. Seven crew are accommodated in four cabins, including a dedicated captain's cabin on the upper deck.

Power comes from twin MAN V12 engines producing 1,400 hp each, delivering a cruising speed of around 12 knots and a top speed of 15 knots. At an economical 10 knots, range is approximately 2,800 nautical miles. Naiad fin stabilizers and a Seakeeper gyroscopic system operate both underway and at anchor, ensuring excellent comfort in all conditions.

With a 7.9 m beam and 34,000 litres of fuel capacity, **LA VETTA** offers the volume, range and autonomy normally associated with significantly larger yachts, while maintaining the efficiency and ease of operation of the **Navetta** series. She represents a rare opportunity to acquire a brand-new, latest-generation yacht available immediately, without the standard multi-year build timeline.
