MOTOR YACHT

BG54

The **BG54** is a 16.57-meter motor yacht designed by Luca Santella with a hull by Louis T. Codega, offering space and comfort typically found on much larger yachts. The innovative layout features a 360° view from the cockpit, a transformable bow area that converts from a dining space to a sunbathing zone, and a customizable interior with the option of two or three cabins, including a full-beam master cabin - a unique feature for yachts of this size.

The **BG54** is powered by two Volvo Penta IPS 800 D11 engines, each with 625 hp, with the option to upgrade to two Volvo Penta IPS 950 D11 engines, each delivering 725 hp. The yacht reaches a top speed of 35 knots and cruises comfortably at 28 knots, with a fuel range provided by a generous 1,800-liter fuel tank.

The interior of the **BG54** is designed for comfortable living, with customizable space. It can accommodate up to six guests in two to three cabins, with the option to add a crew cabin as well.
