PRESENCE

PRESENCE is a 39.42-meter explorer yacht developed by **Cantiere delle Marche**, continuing the successful Acciaio 105 Gatto and Acciaio 123 Astrum projects. The yacht utilizes the proven RJ 130 platform, which has demonstrated outstanding technical performance, including reaching the 88th parallel in the Arctic Ocean. With a robust steel hull and aluminum superstructure, the **Acciaio 130** is ideal for long voyages in open seas.

With a beam of 8 meters and a draft of 2.4 meters, **PRESENCE** is perfectly suited for both the Caribbean Islands and the Bahamas. Its displacement is 415 GT, and the spacious layout includes five cabins accommodating up to 12 guests. This includes a master suite on the deck and flexible guest arrangements with Pullman berths, allowing the yacht to adapt to different groups of travelers. The 7-member crew is housed in 4 cabins, with separate service corridors ensuring maximum privacy for the guests.

The exterior features a partially enclosed sun deck, which can serve as a third salon, perfect for nature watching. The stern is equipped with a wide staircase for easy access from the main deck to the swim platform. The beach club also includes a Finnish sauna, providing complete relaxation and wellness.

Two powerful MAN D2862 LE428 engines, each delivering 1,018 horsepower, enable the yacht to reach a maximum speed of 13.5 knots, with a cruising speed of 10 knots and a range of over 5,000 nautical miles at an economical speed. The bulbous bow design reduces fuel consumption and increases efficiency.
