MOTOR YACHT

400 GTO

Saxdor 400 GTO is a model designed for day cruising and high performance. Its double-stepped hull ensures smooth sailing, while the enclosed helm station provides comfort onboard in all weather conditions. The joystick-controlled steering makes it easy for skippers of all levels to operate. The yacht is equipped with an advanced navigation system, including radar, AIS, GPS compass, and HD displays, ensuring safety during navigation. For added convenience, the sliding roof allows the main deck lounge area to be fully opened. The aft sun lounger can be converted into a table, and the fridge and grill at the stern create the perfect environment for relaxation. The yacht accommodates up to 12 people, with a layout offering 2 cabins with 4 berths and a shared bathroom.
