## 270 GTO

**Saxdor 270 GTO** is a high-performance boat designed for exceptional maneuverability. With its double-stepped hull and a 20-degree deadrise angle, the boat ensures excellent handling and minimal water resistance. It has earned the prestigious Motorboat & Yachting Award 2024 in the "Sportboats up to 30 feet" category. Thanks to vacuum infusion technology, the boat is lightweight yet strong and durable, contributing to its fuel efficiency. The **270 GTO** can achieve cruising speeds from 32 to 45 knots, offering outstanding performance on the water. The cockpit layout includes two sofas that can be transformed into sun loungers, and the aft sun lounge easily converts into a dining area. For overnight stays, the boat includes a full cabin with an en-suite bathroom. Equipped with a modern navigation system with dual screens, including the Simrad NSX12 display, the boat provides clear visibility of maps, radar, and engine data simultaneously. Joystick control makes maneuvering easy, even in tight spaces.
